Citrus Christmas

THUMBNAIL OVERVIEW

Citrus Christmas

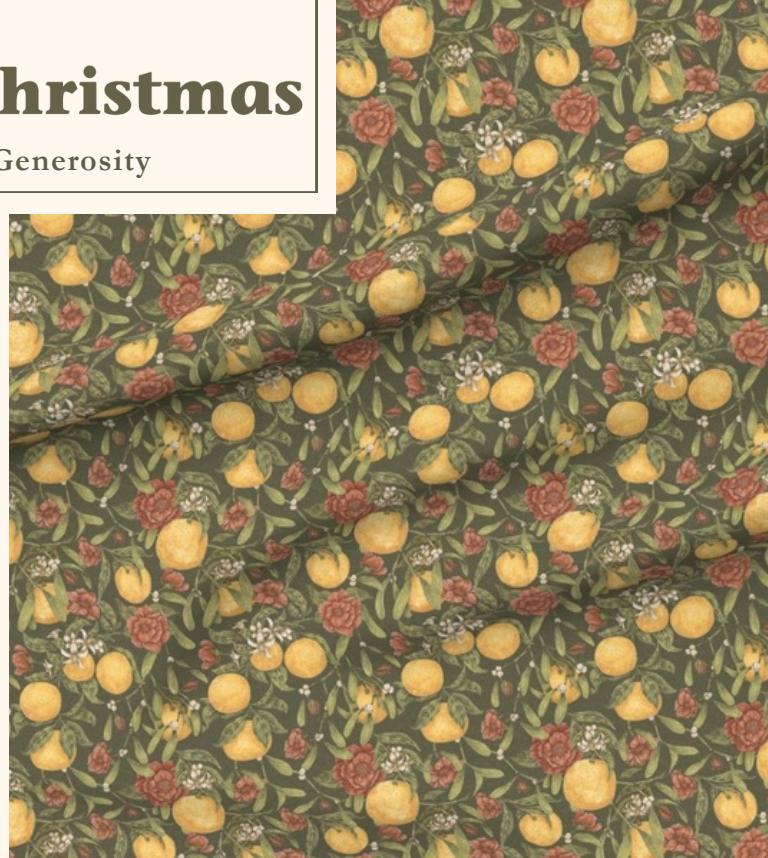

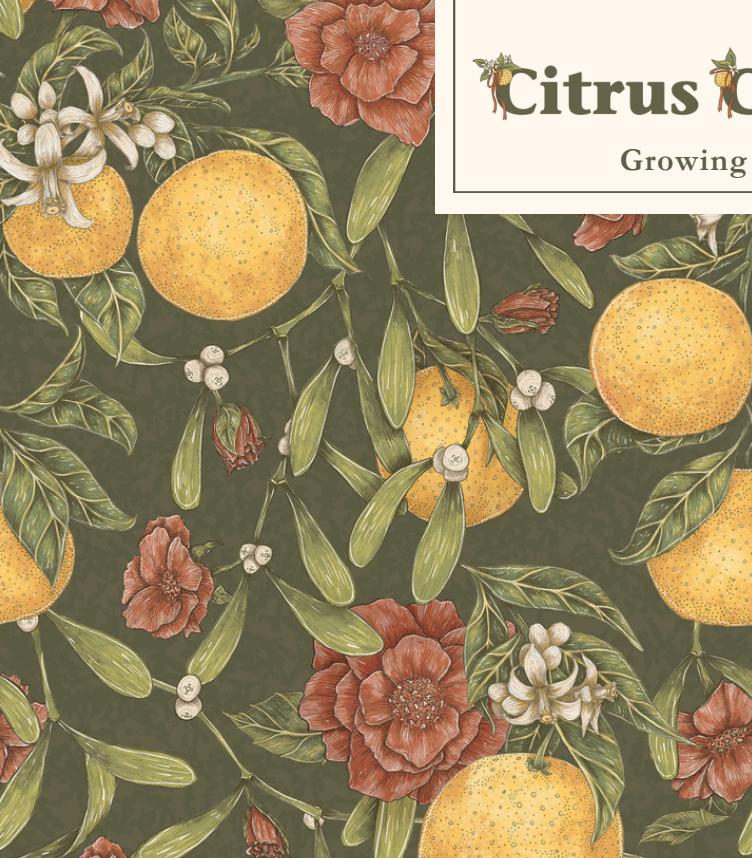

ARTWORK INSPIRATION

When I began dreaming up my Citrus Christmas Collection, I was drawn to the warmth and brightness that citrus brings to the winter season. Citrus fruits ripen just as the days grow colder, a natural gift from the earth when color and sweetness are needed most. I found inspiration in the beauty of mistletoe too, a symbol of love and life that provides food and shelter for robins, doves, and other birds through the winter months. I love the old-fashioned custom of giving oranges to children in their stockings, a reminder that even the simplest gifts can hold deep meaning. This collection is my way of bringing Christmas back to its roots with nature and gifts from the heart.
